Active Ingredients

- fluroxypyr
- MCPA

Convenient, economical, fast-acting control of resistant kochia and many other important broadleaf weeds in small grains, fallow, on-farm non-crop and CRP acres.

Product Benefits:

- More dead weeds: Controls or suppresses 89 weed species
- More modes of activity for resistance management: the systemic activity of COLT + SWORD shuts down weeds within hours
- Wide use window (3-leaf crop growth stage up to flag leaf emergence) with outstanding crop safety
- Great tank mix partner with many grass herbicides
- More certainty: COLT + SWORD is rainfast in one hour
