QUICK ULTRA with AWAKEN (7-28-4) is a dual source of micronutrients in the highly available EDTA form. It contains both ortho- and poly- phosphates, and is designed to supply vital nutrients to plants at the time that they are most needed.

Product Benefits:

- High phosphorous foliar feed
- Dual source micronutrient package
- Non-phytotoxic
- Contains naturally occurring enzyme activators and hormones
- Organic acid-nutrient uptake enhancer
